DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with Mr. Mirut Dalal, Reg. No.: 44,052 on 7/2/2007 & 7/12/2007.

The application has been amended as follows:

In The Claim(s):

1. (Currently Amended) A method for providing a password in a wireless communication network, said method comprising:

receiving a registration, wherein said registration includes an identifier identifying a mobile terminal; and

transmitting information to the mobile terminal, the password being a function of the information,

generating time varying passwords based on the information;

receiving a request for access to a computer network from the mobile terminal and the provided password;

selectively granting access to the computer network based on whether the provided password matches a particular one of the time varying passwords; and

determining whether the mobile terminal providing the time varying password is within a predetermined location using a global positioning system.

Art Unit: 2617

2. The method of claim 1, wherein the identifier comprises a phone number.
3. The method of claim 1, wherein the identifier comprises a MAC address.
4. The method of claim 1, wherein the information comprises a seed.
5. The method of claim 4, wherein the seed is a function of time.
6. The method of claim 1, wherein transmitting the information to the mobile terminal comprises: placing an outgoing phone call to the mobile terminal.

7. (Cancelled)

8-16. (Previously Cancelled)

17-23 (Cancelled)

Allowable Subject Matter

2. In view of Amended claims as discussed above in item 1 and the Terminal Disclaimer, Claims 1-6 are allowed.

The following is an examiner's statement of reasons for allowance: 1-6.

With respect to claim 1, the prior art of record fails to disclose singly or in combination or render obvious that the method comprising transmitting information to the mobile terminal, the password being a function of the information, generating time varying passwords based on the information; receiving a request for access to a computer network from the mobile terminal and the provided password; selectively granting access to the computer network based on whether the provided password matches a particular one of the time varying passwords; and determining whether the mobile terminal providing the time varying password is within a predetermined location using a global positioning system.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2617
